

DrumSmart[®]

Drum containment world's apart... DrumSmart

www.drumsmart.com.au

drum pallets...

Made of tough 100% polyethylene, these DrumSmart® Containment Pallets (Drum Pallets) are impervious to most chemical, acids and corrosives, and provide an effective guard against dangerous leaks and spills by trapping toxic liquids within the body of the pallet. Fully EPA compliant.

DrumSmart's clever design allows for extra rigid supports to ensure the integrity and strength of the containment pallet, while at the same time allowing for spilled liquids to be captured and flow through to the drain plugs for easy liquid recovery.

Two Drum Containment Pallets

Sump Capacity: 227L
Load Bearing Capacity: 900kg
Dimensions in cm (L x W x H):
129cm x 69cm x 50cm
Weight: 30kg

Cat No: 2DP

Four Drum Square Containment Pallets

Sump Capacity: 237L
Load Bearing Capacity: 2800kg
Dimensions in cm (L x W x H):
129cm x 129cm x 32cm
Weight: 45kg

Cat No: 4DP

Four Drum In-Line Containment Pallets

Sump Capacity: 229L
Load Bearing Capacity: 2700kg
Dimensions in cm (L x W x H):
250cm x 69cm x 32cm
Weight: 40kg

Cat No: 4DP-I

4 Drum Pallet COVER

Heavy Duty PVC Cover protects drums from dust, dirt and weather elements. Fits DrumSmart 4DP and 4DP-GAL drum containment pallets.

Cat No: 4DP-C

Four Drum Galvanised Containment Pallets

Hot Dipped H-Duty Galvanised steel. The Inbuilt grate design allows for sturdy support of drums. Comes fitted with a drain plug for easy recovery of liquids.

Sump Capacity: 250L
Dimensions in cm (L x W x H):
125cm x 125cm x 28cm

Cat No: 4DP-GAL

Drum Funnels

The easy way to decant multiple containers into 205L drums. The Drum Funnel design naturally channels liquids into the drain hole, so that containers can be left to drain. 100% polyethylene. Comes with fitted lid.

Cat No: DF-FUN

low profile pallets...

Similar to Drum Pallets, DrumSmart® Low Profile Pallets are economical units with a low profile, designed to be used in combination with other units. As capacity needs increase simply add units side-by-side to expand your storage capacity. The sumps remain separate, ensuring that any spilled liquids do not mix with other liquids stored on adjoining Low Profile Pallets.

Easy Load Ramp

Provides a solid ramp access to easily load drums onto Low Profile Pallets & Drum Pallets.
Load Bearing Capacity: 450kg
Dimensions in cm (L x W x H): 122cm x 84cm x 14cm

Cat No: RAMP-L
Cat No: RAMP-H

Two Drum Accumulation Centres

Sump Capacity: 75L
Load Bearing Capacity: 1100kg
Dimensions in cm (L x W x H): 129cm x 69cm x 15cm
Weight: 20kg

Cat No: 2AC

Four Drum Accumulation Centres

Sump Capacity: 150L
Load Bearing Capacity: 2800kg
Dimensions in cm (L x W x H): 129cm x 129cm x 15cm
Weight: 40kg

Cat No: 4AC

IBC containment pallets...

DrumSmart® IBC Containment Pallets are available in either 100% Polyethylene or Hot Dipped Galvanised and offer outstanding protection against damaging and costly hydrocarbon spills. Design features include closely spaced support bars, complete with a fitted drain plug for easy liquid recovery.

Polyethylene IBC Containment

100% Polyethylene, available in single and double IBC size.
Spill Capacity: 1109L
Load Bearing Capacity: 2000kg
Dimensions in cm (L x W x H): 190cm x 131cm x 88cm
Weight: 110kg

Cat No: EIBC1100PE1 (single)
Cat No: EIBC1100PE2 (double)

Galvanised IBC Containment Pallet

Galvanised Steel with Drain Plug
Spill Capacity: 1100L
Load Bearing Capacity: 2000kg
Dimensions in cm (L x W x H): 136cm x 136cm x 70cm
Weight: 160kg

Cat No: EIBC1100
Cat No: EIBC1100-S *optional shelf*

Cover for IBC Containment Pallets

Made from Heavy Duty PVC, this Cover keeps IBC's protected from dust, dirt and weather elements. Fitted with a Heavy Duty zip for easy access. Fits DrumSmart EIBC1100 Containment Pallet, even with the Raised Shelf attachment fitted (as pictured).

Cat No: EIBC-C

safety cabinets...

Flammable, Corrosive & Dangerous Goods Safety Storage Cabinets provide a safe, close-by, secure and on site storage of dangerous materials and help you to maintain good housekeeping practices. All safety cabinets are fire tested to comply with the FM rating, and unlike other cabinets, they exceed Australian Standard AS1940. They provide the simple and safe solution by keeping dangerous goods right where you need them, but never at the risk of your safety. Designed for Indoor Use only.

- Fully welded construction (Flammable Units)
- 1.2mm Steel Double Wall
- Electrostatic High Gls Powder Coat Finish
- Adjustable Shelf Heights
- Self-Closing and Latching Doors
- Dual Vents with Flash Arrestors
- Leakproof Containment Sumps
- Fire Tested, FM Approved, AS1940 & AS3780

30L/60L Flammable Cab

Flammable Goods Storage. Fully welded. One Shelf, one self-closing door. 30L Cabinet is: 800mm x 505mm x 460mm. 60L Cabinet is: 1065 x 505 x 460mm. 30L - Cat No: FSC30
60L - Cat No: FSC60

100L Flammable Cab

Flammable Goods Storage. Fully Welded. 100L Capacity. Fits under bench. One Shelf, two self-closing doors. External Size HxWxD: 800 x 920 x 615 (mm).
Cat No: FSC100

160L Flammable Cab

Flammable Goods Storage. Fully welded. 160L Capacity. Two Shelves, two self-closing doors. External Size HxWxD: 1295 x 1100 x 460 (mm).
Cat No: FSC160

250L Flammable Cab

Flammable Goods Storage. Fully welded. 250L Capacity. Three shelves, two self-closing doors. STD size: 1825 x 1100 x 500 (mm). XL size: 1825x 1430 x 580 (mm). 250L STD - Cat No: FSC250
250L XL - Cat No: FSC250X

30/60L Corrosive Cab

Corrosive Goods Storage. Polyethylene Drip Trays. One Shelf, one self-closing door. 30L Cabinet is: 800mm x 505mm x 460mm. 60L Cabinet is: 1065 x 505 x 460mm. 30L - Cat No: CSC30
60L - Cat No: CSC60

100L Corrosive Cabinet

Corrosive Goods Storage. Fully Welded. Polyethylene Drip Trays. 100L Capacity. Fits under bench. One Shelf, two self-closing doors. External Size HxWxD: 800 x 920 x 615 (mm).
Cat No: CSC100

160L Corrosive Cabinet

Corrosive Goods Storage. Fully welded. Polyethylene Drip Trays. 160L Capacity. Two Shelves, two self-closing doors. External Size HxWxD: 1295 x 1100 x 460 (mm).
Cat No: CSC160

250L Corrosive Cabinet

Corrosive Goods Storage. Fully welded. Polyethylene Drip Trays. 250L Capacity. Three shelves, two self-closing doors. STD size: 1825 x 1100 x 500 (mm).
Cat No: CSC250

15L Poly Corrosive Cab

Corrosive Goods Storage, Polyethylene. 15L Capacity (2 x 4L Bottles). Counter top design. One self-closing door. External Size HxWxD: 500 x 365 x 415 (mm).
Cat No: CSC15-P

30L Poly Corrosive Cab

Corrosive Goods Storage, Polyethylene. 30L Capacity (30 x 1L Bottles). Two Shelves, two self-closing doors. External Size HxWxD: 890 x 920 x 565 (mm).
Cat No: CSC30-P
