smarter environmental solutions

Ecospill Core Services...

Emergency Shower & Eyewash Testing

When an exposure incident occurs, every second counts. Do you know whether all your showers / eye wash units are performing to their optimum standard?

Ecospill Service Technicians conduct on-site testing of Shower & Eye Wash units, measuring their operation against Australian Standards through our comprehensive compliance checklist. Most minor adjustments can be usually made at the time of the inspection. You'll get a report on the unit's performance along with remedy recommendations. Call 1300 736 116 to have your Showers tested without delay!

In addition to our annual Shower Test Service, Ecospill also offers Weekly Self Test Kits (see p9), providing you all you need for regular flush deployment.

Safety Cabinet Inspections

Did you know that it's best practice to inspect Safety Cabinets each year? Safety Cabinets offer vital protection by safely storing dangerous goods, corrosives and flammables in segregated storage.

All too often, over time these cabinets can be used inappropriately - errors in mixing classes of incompatibles; storing wrong goods; or the cabinets become poorly maintained; or items clogging the sump. Putting you at risk.

Ecospill conducts compliance inspections of your Safety Cabinets to ensure they still conform with regards to location, use, condition to Australian Standards. Call us on 1300 736 116 to minimise your risk!

On-site Spill Kit Servicing

Scheduled Spill Kit Servicing you can count on!

Our team of dedicated Service Technicians will keep you prepared for any spill - by systematically checking, servicing and re-stocking your spill kits to a schedule that suits you. Call 1300 736 116 to be included in a service schedule. At your service call, our technician will:

- Sign in & obey site requirements
- Count existing items and refill to correct inventory levels
- Re-pack the spill kit correctly with PPE readily accessible
- Record on the Inspection Tag
- Lightly clean the spill kit exterior
- Print restock order for goods receipt
- Sign out upon completion

Spill Training Courses

Ecospill offers a full range of Training Courses to empower you and your staff. From the basics of spill response; to safe handling of dangerous goods; to comprehensive spill management - we have a course to suit your needs.

- Basic Spill Kit Induction Free / Leaflet
- Spill Response Training - Fundamentals Cat No: SRTC-FM
- Spill Response Training - Indepth Cat No: SRTC-ID
- Introduction into Ammonia Anhydrous Cat No: SRTC-AA

Courses can be tailor-made to your brand and site requirements. Call our friendly team on 1300 736 116 to discuss your training needs.

Fuel and Oil Sorbents

Fuel / Oil Absorbent Mats / Pads

Made from Polypropylene, sonically bonded, laminated and perforated. Floats indefinitely on water. Will not leach or drip. Suitable for Marine Applications.

100 pieces / Bale Cat No: WP12

Fuel / Oil Absorbent Rolls

Polypropylene, sonically bonded, laminated and perforated. Floats on water, suitable for marine use. Will not leach or drip. Two sizes avail: 40cm & 80cm wide. 50m Roll.

400mm x 50m Roll Cat No: WPR6
800mm x 50m Roll Cat No: WPR12

Fuel / Oil Land Socks & Pillows

For Fuel and Oil spills. Land Socks are used to surround and contain the perimeter of a spill. Pillows are thick alternative to Mats.

Sock 1.5m Long x 90mm Cat No: LS150
Sock 3m Long x 90mm Cat No: LS300
Land Pillow Cat No: LP350

General Purpose Sorbents

General Purpose Absorbent Mats/Rolls

For fuel, oil, general purpose and non-aggressive chemical spills. Sonically bonded polypropylene, laminated and perforated. Will not mildew or leach.

200 pieces / Bale Cat No: GP10
800mm x 50m Roll Cat No: GPR12

General Purpose Drum Top Mats

To suit 60L or 205L Drums. Allows for mess-free dispensing and decanting. Polypropylene, ultra absorbent. Sold in a pack of 25 Mats.

GP Drum Top Mats 60L Cat No: DT60
GP Drum Top Mats 205L Cat No: DT205

Tuff Clean Wipes

Your best wipe for the workplace. Super absorbent wipe for general purpose liquid spills. Suits industrial applications. Low linting. Can be used dry or wet.

Tuff Clean Wipes Box 4 Cat No: TCW250

Chemical Sorbents

Hazchem Absorbent Mats/Pads/Rolls

Suitable for hazardous chemical spills, acids, alkali and caustics. Sonically Bonded Polypropylene, laminated and perforated. Will not leach or drip.

100 pieces / bale Cat No: HZ12
800mm x 50m Roll Cat No: HZR12

Hazchem Land Socks - 1.5 / 3m

Suitable for hazardous chemical spills, acids, alkali and caustics. Used to surround the perimeter of a spill to contain it. Two Sizes available:

1.5m Long x 90mm Cat No: HZ150
3m Long x 90mm Cat No: HZ300

Roll Holders

Absorbent Roll Holder / Dispenser

Convenient, sturdy Dispenser for Absorbent Rolls. Made from coated steel. Can be wall or pallet rack mounted.

Half Roll 400mm Dispenser Cat No: DISP6
Full Roll 800mm Dispenser Cat No: DISP12

Marine Booms

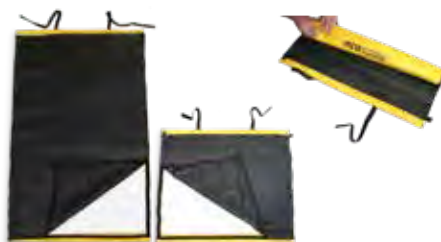

Marine Floating Booms

For fuel & oil spills on water. Polypropylene core, reinforced with mesh fabric for durability. Has interlocking clips for easy deployment. Will not mildew or leach.

3m Long x 125mm Cat No: MB125-3
3m Long x 200mm Cat No: MB200-3

Roll Out Mats

Roll Out Mats

Absorbs spills while protecting the ground surface. Solid base layer to prevent leaching. Replaceable Sorbent Mat. Rolls up, compact.

Roll Out Mat 900 x 900 Cat No: ROM0909
900 x 900 Re-fill Cat No: ROM0909-RS
Roll Out Mat 900 x 1800 Cat No: ROM0918
900 x 1800 Re-fill Cat No: ROM0918-RS

Track Mat

Track Mat

Perfect for rail and other applications, Track Mat is the ideal Fuel and Oil Absorbent Barrier Product. Top Layer: UV Stabilised Needle Punch. Middle Layer: High Strength Melt Blown. Base layer: Heavy Duty Plastic.

1.6m x 30m Roll. Cat No: TM30

Fuel and Oil Spill Kits

20L, 50L, 100L Fuel & Oil Spill Kits

Suitable for fuel, oil, petrol and other messy spills. In a convenient carry bag, perfect for Machinery Operators and Technicians.

- 20L Hydrocarbon Kit Cat No: HC20
- 50L Hydrocarbon Kit Cat No: HC50
- 100L Hydrocarbon Kit Cat No: HCW100

120L, 240L Fuel & Oil Spill Kits

Suitable for fuel, oil, petrol and other messy spills. Includes: EcoSweep®, Mats, Socks, Gloves and Disposal Bags, in a wheelie bin kit. Ideal for all workshops.

- 120L Hydrocarbon Kit Cat No: HC120
- 240L Hydrocarbon Kit Cat No: HC240

Fuel & Oil Re-Stock Packs

Convenient re-stock pack of all consumable items in the Spill Kit.

- 20L HC Re-Stock Pk Cat No: HC20-RS
- 50L HC Re-Stock Pk Cat No: HC50-RS
- 100L HC Re-Stock Pk Cat No: HCW100-RS
- 120L HC Re-Stock Pk Cat No: HC120-RS
- 240L HC Re-Stock Pk Cat No: HC240-RS

General Purpose Spill Kits

20L, 50L, 100L General Purpose Kits

Ideal for fuel, oil, coolant and non-aggressive chemical spills. In a convenient carry bag, perfect for Machinery Operators.

- 20L General Purpose Kit Cat No: GP20
- 50L General Purpose Kit Cat No: GP50
- 100L General Purpose Kit Cat No: GPW100

120L, 240L General Purpose Spill Kits

Ideal for fuel, oil, coolant & non-aggressive chemical spills. Includes: EcoSweep®, GP Mats, Socks, Gloves and Disposal Bags, in a wheelie bin kit. Ideal for all workshops.

- 120L General Purpose Kit Cat No: GP120
- 240L General Purpose Kit Cat No: GP240

General Purpose Re-Stock Packs

Convenient re-stock pack of all consumable items in the Spill Kit.

- 20L GP Re-Stock Pk Cat No: GP20-RS
- 50L GP Re-Stock Pk Cat No: GP50-RS
- 100L GP Re-Stock Pk Cat No: GPW100-RS
- 120L GP Re-Stock Pk Cat No: GP120-RS
- 240L GP Re-Stock Pk Cat No: GP240-RS

Chemical Spill Kits

20L, 50L, 100L Hazchem Spill Kits

Ideal for hazardous chemical spills. Comes in a convenient carry bag, perfect for Machinery Operators & Mobile Technicians.

- 20L Hazchem Kit Cat No: HZ20
- 50L Hazchem Spill Kit Cat No: HZ50
- 100L Hazchem Spill Kit Cat No: HZW100

120L, 240L Hazchem Spill Kits

Ideal for hazardous chemical spills. Includes: ChemSorb®, GP Mats, Socks, Gloves, Glasses, Overalls and Disposal Bags, in a wheelie bin kit. Ideal for all workshops.

- 120L Hazchem Spill Kit Cat No: HZ120
- 240L Hazchem Spill Kit Cat No: HZ240

Hazchem Re-Stock Packs

Convenient re-stock pack of all consumable items in the Spill Kit.

- 20L HZ Re-Stock Pk Cat No: HZ20-RS
- 50L HZ Re-Stock Pk Cat No: HZ50-RS
- 100L HZ Re-Stock Pk Cat No: HZW100-RS
- 120L HZ Re-Stock Pk Cat No: HZ120-RS
- 240L HZ Re-Stock Pk Cat No: HZ240-RS

Marine Spill Kits & Portable Containment Booms

20L, 100L, 240L Marine Spill Kits

Ideal for fuel, oil & petroleum spills on water. An essential Spill Kit for all Marinas, Fuel Docks and Professional Vessel Operators.

- 20L Marine Spill Kit Cat No: HCM20
- 100L Marine Spill Kit Cat No: HCMW100
- 240L Marine Spill Kit Cat No: HCM240

Portable Containment Booms

Portable Floating Containment Booms are perfect for containing oil spills in marine situations. Provides an impervious barrier designed to contain oil spills or floating debris. Once the Containment Boom barrier is in place, you then have time to prepare a measured and carefully considered spill clean up operation. Heavy Duty PVC construction, heavy duty foam float. 400mm Drop Skirt depth. 8mm Galvanised ballast chain. Comes in 20m long sections. Specification sheet available. Cat No: PCB650-20

Spill Kit Servicing

Spill Kit Service and Maintenance

An essential service to maintain your duty of care. An empty spill kit is of little assistance when a spill event occurs and the pressure's on! We provide you peace of mind, by ensuring your spill kits are regularly checked, maintained and re-stocked to their maximum capacity. Unlike others, we won't lock you in to a contract, or charge exorbitant pay-up-front fees! Just quality service, every time. Guaranteed!

Contact us now on 1800 009 665 to have your Spill Kits serviced!

Fuel & Oil Absorbents

You can see the difference...

Kitty Litter vs EcoSweep

EcoSweep® Premium BioActive Absorbent 2kg & 10kg

EcoSweep is the best absorbent available for fuel and oil spills. All natural, it contains hollow particles that encapsulate the liquid absorbed. It will not leach or drip and leaves no free liquids present on the floor when properly absorbed. **See the power of EcoSweep for yourself: www.ecospill.com.au/ecosweep**

EcoSweep 2kg Bag Cat No: SA2
 EcoSweep 10kg Bag Cat No: SA10 EcoSweep 10kg Bucket Cat No: SAB10

SmartSorb 20kg

For fuel, oil and general purpose liquids. SmartSorb is an excellent mid-range priced absorbent. Large size 20kg bag.

SmartSorb 20kg Cat No: SS20

Chemical Absorbents

ChemSorb® - 4L & 20L Bag

Suitable for Chemical spills, acids and alkali. ChemSorb is also ideal for body fluid spills as well. Non toxic, inert and safe to use.

ChemSorb 4L Bag Cat No: CS4
 ChemSorb 20L Bag Cat No: CS20

Soda Ash Acid Neutraliser

Ideal for areas where battery acid spills (except hydrofluoric acid) could occur. Environmentally friendly.

Soda Ash Cat No: SOD12.5

Sign - Spill Control Station

For fast, easy identification of spill kit locations. A must for busy workshops. It will help ensure staff return the spill kit to it's correct location after using it.

Cat No: Sign-SCS

Spill Kit Accessories

Anti Spark Shovel / Scoop / Broom

Easily clean up absorbent powders with an Anti-spark Shovel, Scoop or Broom.

**N.B. Scoop is smaller than pictured.*

Anti-Spark Shovel Cat No: Shovel
 HDPE Scoop Cat No: Scoop
 Compact 300-600 Broom Cat No: BR6
 Standard 600-1200 Broom Cat No: BR12

Personal Protective Equipment PPE

PPE is an essential part of every spill kit.
 Acid Resistant Gloves Cat No: PVC18
 Safety Glasses Cat No: SG
 Disposable Overalls Cat No: OA25
 Respirator Cat No: P2
 Waste Bags - Pack 4 Cat No: BT
 PPE Pouch Cat No: POUCH

Bin Hood / Clip Lock / Tamper Tag

Enhances bin security. Bin Hoods also provide weather protection.

Bin Hood - 120L Cat No: 120H
 Bin Hood - 240L Cat No: 240H
 Clip Lock Set Cat No: CL
 Tamper Evident Tags Cat No: TET236

DrumSmart® Containment Pallets

Two Drum Containment Pallet
 100% Polyethylene. Guards against dangerous leaks and spills. Drain Plugs for easy liquid recovery.
 Sump: 227L. Size: 130cm x 69cm x 50cm
 Cat No: 2DP

Four Drum Containment Pallet
 100% Polyethylene. Guards against dangerous leaks and spills. Drain Plugs for easy liquid recovery.
 Sump: 230L. Size: 132cm x 132cm x 32cm
 Cat No: 4DP

Four Drum INLINE Containment Pallet
 100% Polyethylene. Guards against dangerous leaks and spills. Drain Plugs for easy liquid recovery.
 Sump: 230L. Size: 250cm x 70cm x 32cm
 Cat No: 4DP-I

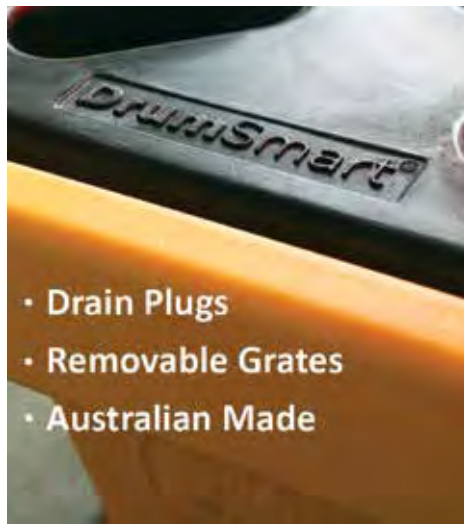

LOW PROFILE

Two Drum Low Profile Pallet
 Low Profile standard height allows multiple pallets to be combined in a customised platform. Drain Plugs. 100% Polyethylene.
 Sump: 75L. Size: 130cm x 70cm x 15cm
 Cat No: 2AC

LOW PROFILE

Four Drum Low Profile Pallet
 Low Profile standard height allows multiple pallets to be combined in a customised platform. Drain Plugs. 100% Polyethylene.
 Sump: 165L. Size: 130cm x 130cm x 15cm
 Cat No: 4AC

IBC Containment Pallets

Single 1100L IBC Containment Pallet
 100% Polyethylene. Maximum chemical resistance. (IBC pictured not included).
 Sump: 1109L.
 Size: 190cm x 132cm x 88cm
 Cat No: EIBC1100-PE1

Double 1100L IBC Containment Pallet
 100% Polyethylene. Maximum chemical resistance. (IBC pictured not included).
 Sump: 1300L.
 Size: 255cm x 135cm x 61cm
 Cat No: EIBC1100-PE2

IBC Containment Pallet - 1100L
 IBC containment pallet in hot dipped galvanised steel. Multiple support bars, drain plug. (IBC pictured not included).
 Sump: 1100L. Size: 136cm x 136cm x 70cm
 Gal IBC Pallet Cat No: EIBC1100-GAL

Accessories

Drum Cover for Galvanised Pallets
 UV Stable Poly Vinyl (safety yellow colour). Provides a weatherproof shield and basic protection from the elements.
 Four Drum Pallet Cover Cat No: 4DP-C
 Gal IBC Drum Cover Cat No: EIBC-C

Drum Cover for 4 Drum & IBC Pallets
 UV Stable Poly Vinyl (safety yellow colour). Provides a weatherproof shield and basic protection from the elements.
 Single Poly IBC Cover Cat No: EIBCP1-C
 Double Poly IBC Cover Cat No: EIBCP2-C

Drum Funnel
 For easy, mess-free draining of oil filters & small containers. Designed to allow spent containers to drain into the drum below. 100% HD Polyethylene.
 Cat No: DF-FUN

Floor Bunding - DuraBund

Aluminium DuraBund® 150 / 200

All new - Aluminium DuraBund® for the ultimate in durability and strength. Suitable for forklift, car and heavy vehicle access. Install Kits also available.

150mm x 25mm x 1m Cat No: DBA150
200mm x 32mm x 1m Cat No: DBA200

Aluminium DuraBund® 90° Corners

90 Degree Corner Pieces make for easy installation of DuraBund® around set installation shapes, returns & obstacles.

150mm Corner Cat No: DBA150-CNR
200mm Corner Cat No: DBA200-CNR

DuraBund® Installation Kits

Installation Kits for Original DuraBund and Aluminium DuraBund applications.

5m Install Kit Cat No: DB-IK-5
10m Install Kit Cat No: DB-IK-10
15m Install Kit Cat No: DB-IK-15
Custom Install Kit Cat No: DB-IK

DuraBund® 150 / 200

Excellent permanent floor bunding solution. DuraBund® offers excellent chemical resistance. Suitable for forklift, car and heavy vehicle access. Easy to install.

150mm x 25mm x 1m Cat No: DB150
200mm x 32mm x 1m Cat No: DB200

DuraBund® 90° Corner Pieces

90 Degree Corner Pieces make for easy installation of DuraBund® around set installation shapes, returns & obstacles.

150mm Corner Cat No: DB150-CNR
200mm Corner Cat No: DB200-CNR

Portable Bunding

Portable Bund System - 1.2m x 1.2m

Portable Bunding wherever you need it. UV Stable PVC. Chemical, Fuel and Oil resistant. Excellent temporary storage for pallets, leaky vehicles, drums & trucks.

Cat No: PBS1212PVC

Portable Bund System - 1.2m x 1.8m

Portable Bunding wherever you need it. UV Stable PVC. Chemical, Fuel and Oil resistant. Excellent temporary storage for pallets, leaky vehicles, drums & trucks.

Cat No: PBS1218PVC

Custom Sizes Available

Custom made Bund Systems to fit your specific size and requirement. UV Stable PVC. Chemical, Fuel and Oil resistant.

Custom Bund Systems: Cat No: PBS-C

Portable Spill Mats

Portable Spill Mats - 600, 1000, 1200

Versatile portable spill containment. UV Stable heavy duty PVC. Folds up for compact storage. Deploys in seconds.

600x600x100 Cat No: PSM0606PVC
1000x1000x100 Cat No: PSM1010PVC
1200x1200x100 Cat No: PSM1212PVC

Custom Portable Spill Mats

Custom made Portable Spill Mats to fit your specific size and application. UV Stable PVC. Chemical, Fuel and Oil resistant.

Custom Portable Spill Mats Cat No: PSM-C

Flammable Safety Cabinets

Flammable Cabinet - 30L / 60L

For safe, secure, on-site storage of flammable liquids. Fully welded, powder coated steel, self closing door, dual ventilation ports. Complies AS1940-2017.

30L Capacity Cat No: FSC30
60L Capacity Cat No: FSC60

Flammable Cabinet - 100L/160L

For safe, secure, on-site storage of flammable liquids. Fully welded, powder coated steel, self closing doors, dual ventilation ports. Complies AS1940-2017.

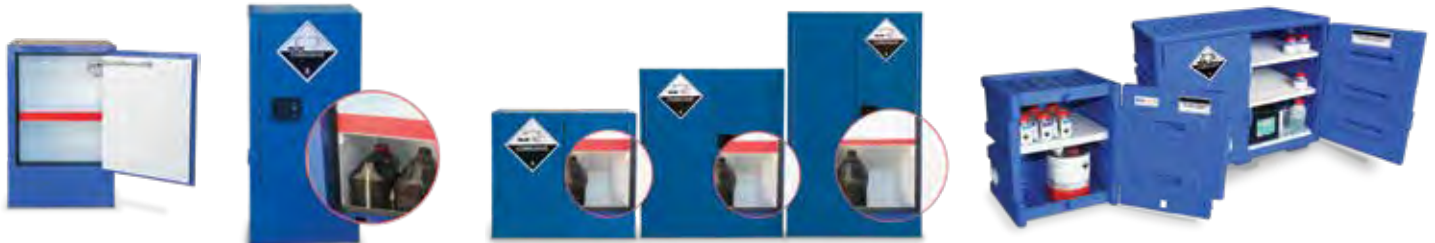

100L Capacity Cat No: FSC100
160L Capacity Cat No: FSC160

Flammable Cabinet - 250L

For safe, secure, on site storage of flammable liquids. Fully welded, powder coated steel, self closing doors, dual ventilation ports. Complies AS1940-2017.

250L Capacity Cat No: FSC250

Corrosives Safety Cabinets

Poly-Lined Corrosive Cabinet - 30L/60L

The best of both worlds: fully lined interior Polyethylene with a powder-coated metal exterior. Class 8 Corrosives. AS3780-2008

30L Capacity, 1 Door Cat No: CSCPL30
60L Capacity, 1 Door Cat No: CSCPL60

Poly-Lined Corrosive Cabinets - 100L, 160L, & 250L

Fully lined Polyethylene interior / powder-coated metal exterior. Class 8. AS3780-2008

100L Capacity, 2 Doors Cat No: CSCPL100
160L Capacity, 2 Doors Cat No: CSCPL160
250L Capacity, 2 Doors Cat No: CSCPL250

Poly. Corrosives Cabinets - 15L & 30L

100% Polyethylene for maximum chemical resistance - includes shelf trays, self closing door, dual vents. Complies AS3780-2008.

30L Polyethylene Cat No: CSC-15P
60L Polyethylene Cat No: CSC-30P

Aerosol Safety Cabinets

Aerosol Safety Cabinet - 12 & 60 Can

Safe, secure on-site storage of Class 2 Aerosols. Excellent ventilation, fully lockable. Complies AS3833-2007.

12 Can Aerosol Cabinet Cat No: ASC12
60 Can Aerosol Cabinet Cat No: ASC60

Aerosol Cabinet - 108 & 432 Can

Safe, secure on-site storage of Class 2 Aerosols. Excellent ventilation, fully lockable. Complies AS3833-2007.

108 Can Aerosol Cabinet Cat No: ASC108
432 Can Aerosol Cabinet Cat No: ASC432

Aerosol Cabinet - 216 Can

Safe, secure on-site storage of Class 2 Aerosols. Excellent ventilation, fully lockable. Complies AS3833-2007.

216 Can (Horizontal) Cat No: ASC216-H
216 Can (Vertical) Cat No: ASC216-V

Forklift Cylinder Storage

Gas Cylinder Storage - 2 & 4 Cylinder

Fully welded, powder coated steel. Fits forklift cylinders. Includes chain. AS4332.
2 Cylinder - 950 H x 730 W x 430 D (mm)
4 Cylinder - 980H x 730 W x 730 D (mm)

2 Cylinder, 1 Door Cat No: GSC2
4 Cylinder, 1 Door Cat No: GSC4

Gas Cylinder Storage - 6 Cylinder

Fully welded, powder coated steel. Fits forklift cylinders. Includes chain. AS4332.
6 Cylinder - 980 H x 1080 W x 730 D (mm)

6 Cylinder, 1 Door Cat No: GSC6

Gas Cylinder Storage - 12 Bottle

Fully welded, powder coated steel. Fits forklift cylinders. Includes chain. AS4332.
12 Cylinder - 1870 H x 1080 W x 730 D (mm)

12 Cylinder, 1 Door, 1 Shelf Cat No: GSC12

Eye Wash Units & Safety Showers

Ecospill Combination Shower & Eye Wash

- Deluge Shower to Body
- Eye Wash
- Stainless Steel
- Self draining design
- Soft aerated flow
- Auto-open dust covers
- AS4775 & ANSI Z 358.1
- DNata Certified
- ISO Type 5 Certified AMI: 74927
- Hand and Foot Operated

Combo Shower / EyeWash Cat No: ECO-63000-F
 Combo Shower /Eye/Face Cat No: ECO-64000-F

Eye Wash Pedestal, Hand & Foot Operated

- Free standing unit
- Hand & Foot operated
- Stainless Steel
- Self draining design
- Soft aerated flow
- Auto-open dust covers
- AS4775 & ANSI Z 358.1
- ISO Type 5 Certified AMI: 74927
- DNata Certified

Eye Wash Unit Cat No: ECO-61000-F
 Eye/Face Wash Unit Cat No: ECO-6 2000-F

Eye Wash Wall Mount Unit

- Wall Mounted
- Hand Operated
- Stainless Steel
- Self draining design
- Soft aerated flow
- Automatic opening dust covers
- Meets AS4775
- Meets ANSIZ358.1
- DNata Certified
- AMI: 74927

Ecospill Eye Wash Wall Mount Unit Cat No: ECO-61120

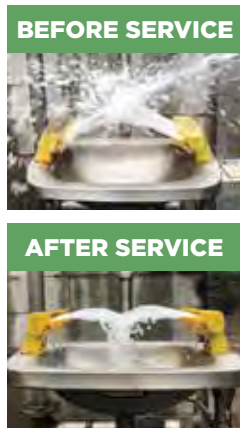

Portable Eye Wash Units

Gravity fed, ideal for areas where plumbed water is not available. Provides 15mins of continuous flow. Convenient, portable.

Portable EyeWash 35L Cat No: ECO-65035

Shower / Eye Wash Servicing & Testing

Annual Shower / Eye Wash Testing

This Annual Shower and EyeWash Inspection measures your unit's performance in accordance with AS4775 Australian Standards. It is a comprehensive inspection, identifying any issues that need to be remedied. A full written report on each Shower and Eye Wash Unit is provided. Often minor fixes can be completed at the time of the test.

Operational Tune-Up Service

Scheduled 'tune-up' and minor adjustment of your Showers and Eye Wash units to ensure peak performance. Can be monthly, quarterly or 6 monthly according to your requirements.

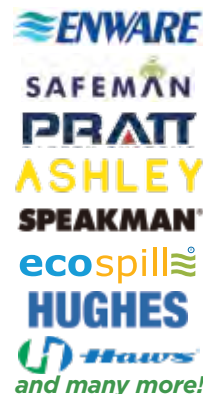

Weekly Shower Test Kit

Contains a shower test sock, handle and bucket to aid weekly shower activation & fluid flushing.

Coir Logs

Coir Logs

Ideal for multiple erosion and protection applications. Coir Logs are 100% biodegradable, dense coconut fibre. They curve to most shapes and can be stackable. Uses: water turbidity & velocity control; road works; steep batters; building sites; bank regeneration, soil amendment and most erosion applications. Minimum buy 4.

Coir Log 3m L x 200mm diameter

Cat No: COIR200-3

Drain Filters

Drain Filter 1.2m

Stops sediment, fuels & oils entering into drains. Debris is caught and any oils are absorbed in the Poly Sock. Easy to deploy. Won't leach or drip absorbed fuels and oils.

Drain Filter 1.2m
Bilge Sock

Cat No: DF1200
Cat No: BS125

Drain Seals

Portable Drain Seal - 450 / 600

Reduces storm water contamination. Chemically resistant, reversible and re-usable. Has no 'memory' so it always lays flat despite being rolled. Comes in a carry bag.

450 x 450 x 5mm
600 x 600 x 5mm

Cat No: PDS450-5
Cat No: PDS600-5

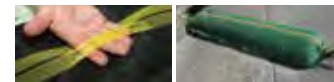

Portable Drain Seal - 900 / 1200

Reduces storm water contamination. Chemically resistant, reversible and re-usable. Has no 'memory' so it always lays flat despite being rolled. Comes in a carry bag.

900 x 900 x 5mm
1200 x 1200 x 5mm

Cat No: PDS900-5
Cat No: PDS1200-5

Silt Bags

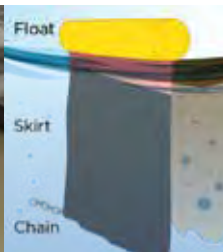

Silt Bags

Ideal for erosion, sediment and water flow control around drains. Reinforced mesh fabric for added strength. Flat packed ready to be filled with sand or gravel. Lifting handles for easy use.

1m x 290mm Pack of 50 Cat No: SB-1

Silt Curtain

Silt Curtain

Designed for Australian marine use. Perfect for controlling sediment from construction sites, dredging, decanting, and toxic algae. The Float is an oil resistant, high cell foam block encased in HD PVC. The Skirt: thick 270gsm high tensile Geo fabric with a drop length of 1m, 2m or 4m. Comes with ballast chain for weighted stability. Sold in sections that can be fastened together to suit your specific needs. Open water tidal options also available.

Silt Curtain 1m Drop x 20m Section
Silt Curtain 2m Drop x 10m Section

Cat No: SC1000-20
Cat No: SC2000-10

SIZES
AVAILABLE

Silt Fence

Silt Fence

Prevents contamination of exposed soils and construction site borders. High tensile strength allows damming to full height, trapping sediment while allowing water transmission. Reduces turbidity. Easy to use.

100m Roll x 860mm Cat No: SF100

Silt Socks

Silt Socks 1m, 2m, 4m & Roll

Versatile sediment and erosion control. Use for diverting water, protecting kerbs, channels, drains, and controlling site run off.

1m Long x 150mm 10 Pk Cat No: SS-1
2m Long x 150mm 10 Pk Cat No: SS-2
4m Long x 150mm 10 Pk Cat No: SS-4
50m Roll x 150mm Roll Cat No: SS-R

Stakes

Wooden Stakes

For use with Coir Logs, Silt Bags, Silt Fence and Silt Socks, to secure in place.

Stakes 600mm Cat No: SF-POST600
Stakes 900mm Cat No: SF-POST900
Stakes 1200mm Cat No: SF-POST1200

Heavy Duty Hand Cleaner with Grit
Removes grease and dirt from really dirty hands. It moisturises as well. Doesn't contain solvents that can crack and dry skin.

HD Hand Cleaner 5L Cat No: HDHC-5
HD Hand Cleaner 20L Cat No: HDHC-20

Heavy Duty Degreaser
Highly effective, heavy duty industrial grade degreaser.

HD Degreaser 5L Cat No: HDD-5
HD Degreaser 20L Cat No: HDD-20
HD Degreaser 200L Cat No: HDD-200

Heavy Duty POTENT Degreaser
POTENT Degreaser offers exceptional grease and oil removing properties. High alkalinity. Ideal for degreasing floors.

Potent Degreaser 5L Cat No: HPPD-5
Potent Degreaser 20L Cat No: HPPD-20

Heavy Duty Industrial Cleaner
A powerful multi-purpose disinfectant, cleaner and deoderiser in one! Long lasting fragrance. Non streaking. Suitable for multiple applications.

Site Compliance Assessments

Ecospill offers on-site compliance assessments, by understanding your company's needs, then identifying site potential risks & environmental concerns. We can then provide you with solutions for AS / EPA / WH&S compliance and productivity enhancements to maintain your duty of care. We'll suggest options to make life easier and safer for your staff, to save you time and money whilst also meeting your site compliance requirements.

Areas that we provide site assessment solutions for are:

- Spill response equipment - advice, solutions, compliance, servicing, location positioning.
- Emergency eyewash & showers - equipment, servicing, repairs, compliance, maintenance.
- Chemical & dangerous liquids - storage, containment equipment and bunding.
- Environmental assessment - storm drains, chemical storage, sediment control, etc.
- Servicing - spill kits, eyewash & shower equipment, containment and other equipment
- Identifying/offering any staff training requirements for company ISO and workplace requirements

Call us on 1800 009 665 for the best advice for your specific site needs!

AusSpill Association Spill Kit Colours

The AusSpill Association has developed a uniform colour coding for Spill Kits and products, which are:

- Fuel and Oil Spill Kits: Lime Green Bin with a White Lid.
- General Purpose Spill Kits: Lime Green Bin with a Gray Lid.
- Chemical Hazchem Spill Kits: Lime Green Bin with a Yellow Lid.

Ecospill supports the AusSpill Association colours & has the traditional colours available as well.
